click to watch video

Like so many singer/songwriters before her, Michele Jusko left New York to pursue her musical dreams in LA. Unlike the many who came before her, she has actually dreamed herself into a blossoming musical career. Her song "Beautiful Neurosis" was recently featured on the CBS TV show "Shark," and was also a finalist for the 2006 American Idol Underground contest. In addition, her ballad "Walk Away" was a runner-up in the 2005 John Lennon Songwriting Contest and was featured in the indie film "Vacuuming The Cat" starring Barbara Hershey. We recently touched base with Jusko who is in the studio putting the finishing touches on

her debut album, the follow up to her EP "Beautiful Neurosis". The Title Track has gotten over 83,000 plays on the New! Adult chart.
